615. Motion proposed by Cllr D Llewellyn - Write to CCBC regarding safety at tips above Trethomas & Bedwas.

Full motion proposed by Cllr Llewellyn and seconded by Cllr Morgan;

*The Council notes a number of concerns about the safety of the tips above Bedwas and Trethomas
For example:*

1. *Debris in culverts*
2. *Overgrown vegetation in drainage channels*
3. *Pond fence damaged and lock broken*
4. *Tip bulging*
5. *Erosion on west side*
6. *Large Ravines developing*
7. *Flytipping increasing.*

There are obvious concerns about the hazards presented by these issues which could be a danger to life. For example there is easy access to the pond for children and pets alike and an obvious risk of drowning. A recent FOI request indicated that there has been no Risk Assessment of the Pond. This council resolves therefore to write to Caerffili County Borough Council urging them to carry out appropriate works to resolve these matters as soon as is practicable.

Cllrs Havard and Aldworth outlined their ongoing dialogue and correspondence with CCBC. Members agreed that work is required but concern was noted this will not alleviate the long term and ongoing issues that these tips will create. Cllr Havard wished to propose an amendment to the motion as a result of this;

8. To request the pursuit of funding from the Coalfields funding to fully implement a longer-term safety and regeneration plan
9. To write to the MP and MS' for this area to call for their support and to request that they write to their counterparts across Wales to encourage a cohesive approach to obtaining the funds from the Coalfields in Wales.

RESOLVED: Cllrs Havard and Llewellyn to prepare final wording for motion to bring to the next council meeting for approval

616. Motion proposed by Cllr J Winslade – Write to MP & MS in relation to supporting silent fireworks

Full motion proposed by Cllr Winslade and seconded by Cllr McConnell;
